

The WLIA 2010 Annual Conference at a Glance

Thursday, Feb. 25

	Track 1 — Rosewood/Linden Surveying, Mapping and Data Development	Track 2 — Oaktag/Parchment Data Integration and Distribution	Track 3 — Lawrence Politics, Policy and Administration	Track 4 — Pippin Innovative Applications and Technology	Track 5 — Redwood GIS/Education & Awareness	Exhibits — Salon AB
7 a.m.	Past President Breakfast — Bond					
8 a.m.	Panel: Assembling a Statewide Parcel Layer — Geometry, Data, and Relationships — Salon CD					Exhibitors Setup 8-10:30 a.m.
9 a.m.	1A - Avoiding the Common GPS Pitfalls (30)	2A - GIS in Support of 2008 Lake Delton Breach (30)	3A - WIGICC Minor Civil Division (MCD) Committee (30)	4A - You Get What You DON'T Pay For: Comparing FREE GIS Desktop Clients (30)	5A - GIS at UW-Madison: Supporting the Campus, the Community and the State (60)	Exhibitors Showcase — Briarwood/ Ebony 9-9:20 9:20-9:40 9:40-10 10-10:20
9:30 a.m.	1B - Planning GIS Maintenance for the Long Haul (30)	2B - Creating an Integrated Parcel and Hazard Database (30)	3B - Local Units of Government Cooperative Agreement for Implementing an Enterprise GIS and Enterprise Geospatial Data Infrastructure Standardization (60)	4B - Open Source Rapid Mapping Application Development: Fulfilling the Need for Quick, Cheap, and Rich Applications (60)		
10 a.m.	1C - Sheboygan County Sign Retroreflectivity and Inventory Project (30)	2C - Display and Distribuiton of Waukesha County Land Resource Division Stormwater Facility Data Using GIS Technology (30)			5B - WROC Update (30)	
10:30 a.m.	Refreshments in the Exhibit Hall — Salon AB					Exhibits Open
11 a.m.	Keynote: Nancy von Meyer — Salon CD					
12 p.m.	Lunch, Town Meeting, and Scholarship Awards — Salon CD					
2 p.m.	Plenary: Communications Through Generations — Salon CD					
2:45 p.m.	Refreshments in the Exhibit Hall — Salon AB					Exhibits Open
3:30 p.m.	1D - Implementation of SewerView: Milwaukee Metropolitan Sewerage Districts Foundational GIS Application (30)	2D - Outagamie County NR151 Ag Inventory Application (30)	3C - Facility Maintenance: A Customized Approach (30)	4C - Exploring New Software Applications for LiDAR (30)	5C - The Changing Landscapes of Wisconsin: A Digital Archive of Historic Aerial Photographs (30)	Exhibitors Showcase Briarwood/ Ebony 3:30-3:50 3:50-4:10 4:10-4:30 4:30-4:50
4 p.m.	1E - Developing an Integrated Web Survey and Mapping Application for the Association of State Floodplain Managers (30)	2E - Improving the Usability of Geospatial Web Applications (30)	3D - WisDOT ArcGIS 9.3.1 Upgrade - Desktop and Enterprise (30)	4D - ArcGIS Mobile: Delivering Powerful Mobile Tools to Your Workforce (30)	5D - Building a Mined-Lands Inventory for Wisconsin (30)	
4:30 p.m.	1F - Mapping Wetland Restorations in Wisconsin (30)	2F - Streamlining Illicit Discharge Inspections with GIS (30)	3E - Semantic Interoperability for Geospatial Data (30)	4E - Synchronicity through Geodata Services and GDB Replication (30)	5E - Project Safe Neighborhoods: Fighting Crime with ArcGIS Server (30)	
3:30-5 p.m.	LION Meeting 3:30-5 p.m. — Salon CD					
5 p.m.	Poster Competition — Conference Hallways					Exhibits Open
5-7 p.m.	Exhibit Hall Reception, Game Night, Silent Auction — Salon AB					

The WLIA 2010 Annual Conference at a Glance

Friday, Feb. 26

	Track 1 — Rosewood/Linden Surveying, Mapping and Data Development	Track 2 — Oaktag/Parchment Data Integration and Distribution	Track 3 — Lawrence Politics, Policy and Administration	Track 4 — Pippin Innovative Applications and Technology	Track 5 — Redwood GIS/Education & Awareness	Exhibits — Salon AB
7 a.m.	Committee Meetings — Salon CD					
8 a.m.	1G - From AutoCAD Map 3D to Autodesk MapGuide in Three Simple Steps: Connect, Stylize, Publish (45)	2G - Revolution Underway: The GIS Driven Transformation of Emergency Preparedness and Response in Minnesota (45)	3F - GIS Aids Wisconsin on Road to Economic Recovery (20)	4F - Opening Doors with GeoMOOSE: Creating the Door County Web Map (20)	5F - Training and Education - Keeping individuals and organizations strong (20)	Exhibitors Showcase — Briarwood/ Ebony 8-8:20 8:20-8:40 8:40-9
8:20 a.m.			3G - How a Municipality of 5,000 Can Use GIS (20)	4G - Geo-Cloud Computing, a Model for a Low Cost, Highly Scalable Geocomputing Infrastructure (20)	5G - Getting Certified: The GISP Way (20)	
8:45 a.m.	Break					
9 a.m.	Keynote: Elizabeth Burmaster — Salon CD					
10 a.m.	Refreshments in the Exhibit Hall (Salon AB), Silent Auction Final Bids and Winners Announced					Exhibits Open
11 a.m.	1H - Strengthening The Link Between Long-Range Planning and Implementation Through GIS (60)	2H - Using Wisconsin's Geospatial Web Services (60)	3H - The Role of the Register of Deeds in GIS (30)	4H - GeoMesh and the Flex API for ArcGIS Server (30)	5H - 2010 USGS Topographic Maps (30)	Exhibitors Showcase — Briarwood/ Ebony 11-11:20 11:20-11:40 11:40-12 Exhibit Takedown
11:30 a.m.			3I - It's Hard to Make a Pretty Map with Ugly Data (30)	4I - Stratapendium: A Community-based, Interactive Web Archive for Geologic Data (30)	5I - New Services of The National Map (30)	
12 p.m.	Lunch: Awards and Prizes — Salon CD					
2 p.m.	New Board Meeting — Crown/Bond
