On the next page is a brief description of the unit.

HP 1050C Plotter

Minimum Bid \$125.00

- Print an A0/E-size monochrome line-drawing in close to one minute.
- Prints in sharp, true-600dpi color or 1200-dpi black.
- Up to 350-ml ink cartridges plus 300-ft (91-m) rolls allow you to print for much longer periods without replacing ink and paper.

This plotter was purchased in 2000 and has been a reliable unit. The unit is in working condition with new yellow and black printheads and a new yellow ink cartridge. It has an additional spindle and can handle different paper types, ie a single roll feed and 36 inch width. It runs on Windows XP or earlier versions, there is no Windows 64-bit driver for this plotter.
