

Wisconsin Land Information Association 2018 Pre-Conference Workshop

Workshop 1 - Census Programs Overview and Technical Training

We will be presenting an overview of the Local Update of Census Addresses (LUCA) and Phase II of the Redistricting Data Program (RDP). Immediately following the overviews of these Census Programs, we will have a technical session focused on software for LUCA, data submission and documentation in the WISE-Decade software platform and insertion of election geography into the WisVote election system.

Instructors:

Legislative Technology Services Bureau, and (possibly) Wisconsin Elections Commission (WEC), UW Applied Population Laboratory (UW-APL)

Tony Van Der Wielen
Ryan Squires
Grace White
Zach Robinson
Greg Grube (WEC)
Dan Veroff (UW-APL)

Location

This workshop is held on Wednesday, March 7, 2018 at the Osthoff Resort in Elkhart Lake, WI

Time:

Morning workshop 9:30am to 12:30pm

Who Should Attend?

Anyone who has questions about current and upcoming Census Bureau Programs and/or questions regarding statewide data collections occurring through the WISE-Decade software platform. This is your chance to have hands on instruction from LTSB, WEC, and UW-APL staff. This session will complement the afternoon Census Bureau LUCA Technical Training workshop.

Items Needed for Workshop:

A laptop with ArcGIS Desktop software and Microsoft Office (or equivalent) software. Bring your data!

Cost of Workshop

Members

Half Day (3 hours) = \$75

Non-Members

Half Day (3 hours) = \$90
