

Wisconsin Land Information Association

2018 Pre-Conference Workshop

Workshop 4 - ArcMap Tips and Tricks

This workshop will concentrate on using ArcMap for labeling, editing, custom styles, symbols, and map design techniques. These are just a few of the topics and areas covered during this workshop. This will be “hands on” workshop to allow users to follow along and learn different techniques and be able to ask questions to group and the presenter. A laptop with ArcMap installed on will be necessary for the "hands on" parts of the workshop. Everyone should come away learning something new.

Instructors:

Andy Faust, GISP – North Central Wisconsin Regional Planning Commission

Andy has a bachelor’s degree in Urban Regional Studies from the University of Wisconsin Oshkosh. Andy has over 20 years experience in GIS and planning. He has work with all forms of local government to provide assistance with a wide range of projects. Andy joined the North Central Wisconsin Regional Planning Commission (NCWRPC) in 1995 to develop and maintain the NCWRPC’s GIS program. Andy received his Certified GIS Professional (GISP) in 2004.

Location:

The workshops will be held on March 6, 2018 at the Osthoff Resort in Elkhart Lake, WI

Time:

Afternoon workshop 1:30pm to 4:30pm

Who Should Attend:

Any one that works with ArcMap. You should have a basic understanding of how the software works before attending the workshop.
