

Wisconsin Land Information Association 2018 Pre-Conference Workshop

Workshop 9 – Parcel Fabric 101 - An Introduction to the Parcel Fabric

This three hour workshop will let attendees learn about the fundamentals of the data model and experience the editing procedures behind ESRI's ArcGIS Parcel Editing Solution (aka the Parcel Fabric) prior to actually making the commitment to convert their data. Panda Consulting will provide a sample data set of a county that has already been converted and will review the new tools and procedures for performing consolidations (combines), splits, adjustments and inputting a subdivision (time permitting).

Instructors:

Frank Conkling, PSM, GISP – Panda Consulting

Frank J. Conkling is the Owner of Panda Consulting, a GIS Professional Services company that has been in existence since 1998. Frank is a recognized authority on GIS and Surveying and Mapping technology, including mapping various types of ownership interest in land. Frank is a licensed Professional Surveyor and Mapper in Florida and a licensed GIS Surveyor in South Carolina. He is a Past President of the Florida Association of Cadastral Mapper, the organization focused on cadastral mapping throughout the State of Florida and is currently serving on the Florida Board of Professional Surveyors and Mappers, the regulatory Board for all Surveyors and Mappers in the State.

Brian Kelly, GISP – Panda Consulting

Brian D. Kelly is a Senior Project Manager at Panda Consulting and has a Masters in Geography from Florida Atlantic University in Florida. During his time at Panda Consulting, Brian has worked on several important Land Records projects and over the past six years has served as project manager on several Parcel Fabric migration projects. Brian is fully involved in all Parcel Fabric migration projects performed by Panda Consulting and an expert in the issues associated with preparing data and ensuring it meets all requirements for inclusion in the Parcel Fabric.

Location

This workshop is on Wednesday, March 7, 2018 at the Osthoff Resort in Elkhart Lake, WI

Time:

Morning workshop 9:30am to 12:30pm

Who Should Attend?

Anyone interested in the fundamentals of the ESRI ArcGIS Parcel Editing Solution (the Parcel Fabric), whether they intend to migrate to the structure or are just looking for more information on how it works and some benefits of the new solution.
