

Wisconsin Land Information Association
2019 Pre-Conference Workshop
ArcGIS Server Architectures in the Cloud (AWS)

Brief Description:

You can use ArcGIS Enterprise Amazon Machine Images (AMIs) to launch several different architectures on Amazon Web Services (AWS). ESRI provides a tool, ArcGIS Enterprise Cloud Builder Command Line Interface for AWS that you can use to prepare and deploy ArcGIS Enterprise in the Cloud. ESRI also provides sample AWS CloudFormation templates you can use to customize and launch most supported architectures. This workshop will be an introduction to using these methods to deploy your ArcGIS Enterprise stack on AWS for a day, a month, or longer.

Instructor:

Mark Korver - Amazon Web Services

Location:

The workshops will be held on Wednesday February 20, 2019 at the Red Lion Paper Valley Hotel in Appleton, WI.

Time:

Afternoon workshop 1:30pm to 4:30pm
